fascinating plants and wildlife as you pass by before splashing into the lake for a cruise with more wildlife to be seen.

After your tour, we visit the tropical fruit orchard, which features over 60 different species of exotic tropical fruit trees, and you'll learn about fruits of the region and the world..

'Rainforestation' is also home to the local indigenous tribe - the Pamagirri People.

We head to the amphitheatre for an onstage performance by the Pamagirri Aboriginal tribe. The traditional dance shows insight into this ancient surviving culture and the connection with the oldest surviving rainforest in the world.

After photos with the dancers, we split up into small groups to embark on an in-depth and interactive boomerang and spear throwing experience, your Pamagirri Aboriginal guide will teach you about the traditions that were learnt in the wilderness, before performing a demonstration on the rainforest instrument – the Didgeridoo.

Lunch is delicious & eaten at the best restaurant in town!

After lunch enjoy some free-time to stroll through the town of Kuranda and explore the many markets and local shops.

Your guide will collect you from the Kuranda shops to continue the tour to the Australian Butterfly Sanctuary. The Sanctuary is home to over 1500 butterflies, all of which are bred inside the on-site breeding laboratory. Species include the electric blue Ulysses, the Majestic Green and Yellow Cairns Birdwing and the Monarch butterfly.
